

SCIENTIFIC PROGRAM

2nd International Conference on
**PSYCHOLOGY AND
MENTAL HEALTH**

NOVEMBER 14-15, 2022 | PARIS, FRANCE

PAST CONFERENCE REPORT

The completion of the **International Conference on Psychology and Mental Health** on **November 22-23, 2021**, at **Dubai, UAE** was indeed a huge success for us. The meeting's significance was established as a result of the gathering of all related groups of research scientists to share their knowledge, study activity, and exchange of global information with the right crowd at the right moment.

From all over the world, Congress has received a warm welcome. This event was held with the goal of encouraging the development of new perspectives and ideas in order to investigate the community's high level of knowledge in the fields of psychology, mental health, and well-being. The conference was focused on the theme "**Explore the evolution in Psychology and Mental Health**"

We would like to express our gratitude to all the participants as well as the following keynote speakers:

Agnieszka Wilczynska, American University, UAE

Jorma Virtanen, University of Turku, Finland and University of Bergen, Norway

Pras Ramluggun, Oxford Brookes University, United Kingdom

Nada Pop-Jordanova, Macedonian Academy of Sciences and Arts, Macedonia

Thank you, honourable guests, members of the organising committee, moderators, speakers, students, and delegates for your presence and efforts in making this event a success.

We welcome you all to attend the upcoming Series of Mental Health conference, the "**2nd International Conference on Psychology and Mental Health**" on **November 21-23, 2022**, at **Paris, France**.
